Maybe because this is the end of the year, the demand for consumption increases, and at the same time this is the **holiday**.

Top 10 best-selling sub-category

The best seller are Binders,
Paper, Furnishings, Phones,...

Mainly **Office Supplies**.

Top Sub-Category Are Often Sold

Paper, Binders

Furnishing, Binders

2. Recommendation

Sales increased over the year, but profit remained almost unchanged. This could be due to too many promotions affecting profits.

It is possible to use combos of products to stimulate users. Only use promotions on holidays.
